

The cleanest, safest
WATER
throughout your home

WHOLE HOME FILTRATION

Selecto Advanced Nano Technology provides your family with safe drinking water to meet all your water needs!

NO METALS

NO CHLORINE

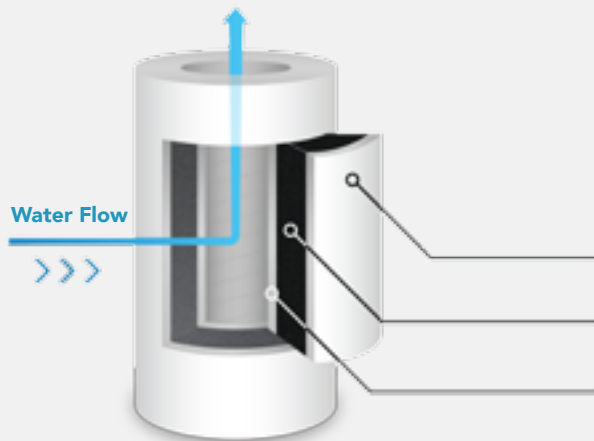

NO SCALE

NO SEDIMENT

NO BACTERIA

Selecto NanoSmart® system contains multi-stage patented technology that is not directly comparable to any other water filter on the market today

Stage 1: Nano Aluminum Fiber Membrane

Stage 2: Pharmaceutical Grade Activated Carbon Powder

Stage 3: Fiber Tube

ABOUT SELECTO HOME

Bring the same advanced water filtration technology used in the commercial food industry to your entire home

Selecto is committed to bringing clean water to families and households across the United States. As part of this commitment, we have invested heavily into the R&D of innovative technologies to improve our filtration systems. With our patented, state of the art carbon technology, you can rest assured that you have decided on the best product for you and your family. Best of all, our filtration systems are the best product available in the market today, are easy to install, and even easier to maintain.

Take control of your home's water
